Online OSHA Training

Copyright 2012, American Safety Council, Inc. All Rights Reserved.

➤ ASC/USF OSHA Training Institute Education Center Partnership

- ✓ The American Safety Council partners with the University of South Florida OSHA Training Institute Education Center to provide online OSHA training
- ✓ All courses are approved by the OSHA Training Institute and administered by the USF OSHA Training Institute Education Center
- ✓ ASC works directly with Robert E. Nesbit, B.A., CWCP, Program Manager, USF OSHA Training Institute Education Center in development of online training

➤ **Benefits of Completing Online OSHA Training**

“[Businesses] experience lower workers' compensation insurance costs, reduced medical expenditures, decreased payout for return-to-work programs, fewer faulty products, and lower costs for job accommodations for injured workers. There are also indirect benefits such as increased productivity, lower costs for training replacement workers and decreased costs for overtime.”

– U.S. Department of Labor
Occupational Safety and Health Administration

American Safety Council Course Demo - 10 Hour Outreach Construction Slides

Struck-By Flying Object

- Exist when something is being propelled, hurled or thrown:
 - Material separates from tool, machine or equipment and strikes worker
- Also created when using compressed air to clean surfaces and power tools

STRUCK-BY HAZARDS

American Safety Council Course Demo – 10-Hour Outreach Construction Slides

Never clean your clothes using compressed air.

American Safety Council Course Demo – 10-Hour Outreach Construction Slides

Preventing Workers from Being Pinned Between Objects

- Only allow workers needed in job areas where pinning hazards exist
- Proper bracing must be used for shoring in trenches
- Arrange the path of travel to avoid workers being caught-in or -between materials and moving equipment, and walls
